RING * RING * RING

LING * LING * LING

On the 13th day of September :

- One..... Canary Rock
- Two..... Black Cod
- Three..... Bright Salmon
- Four..... Yellow Eye
- Five..... Happy Fishermen
- Six..... 15-19 pound Ling Cod
- Seven..... 20 pound Ling Cod

A TRULY GREAT DAY FISHING!

Well I can't continue the twelve days of Christmas rhyme but there are three more Ling Cod.....all over 25 pounds!

Yes Ling Cod fishing is spectacular in our area all season long. As the salmon begin to thin out in late September many anglers begin targeting cod which are in great abundance. We can help you find these high density spots where these magnificent fighting and eating fish hang out! Just stop by our tackle shop on the fuel dock and we will break out the charts. If you have not been too naughty this year you may even go away with some GPS coordinates!

Happy Holidays and we will see you in the spring for early season halibut and salmon fishing. Don't forget to bring your prawn traps.....the harvest has been great!

DERBY 2009
IT'S ALL ABOUT THE FISH!

STAFF 2008 - THE BEST YET!

This years crew was without a doubt overall the best group of people we have had to date! Thanks goes to all of them for a great season. Of course our camera shy cook and the guy who interviewed you everyday are not in the picture.....but both will be back next year! Great news! Some of the others may be as well...can't wait to hear from them! If you know anyone that you think would enjoy a summer job with us have them drop us an e-mail!

DERBY 2009 will be here before you know it. Get your reservations in today! The dates for 2009 are August 28 & 29, 2009. The Bobbers will be back so get your asses to Tahsis and join the fun! Last year we raised nearly \$18,000 for salmon enhancement in Nootka / Esperanza....come and help us raise the bar again for the fish! See you then!
