### ALLELUIA HALIBUT!

In the past few days, with the low pressure weather system moving in, the seas went absolutely flat! Knowledgeable anglers went straight to their favorite hali holes and these pictures speak for themselves.

Over 50 halibut hit the cleaning tables on July 6th alone along with a good quantity of Chinook and Coho. The large schools of Chinook traditionally arrive the second week of July and remain straight through September. We are looking forward to putting YOUR picture in the up and coming "IN THE NET" newsletter!
