GOOD FISHING!

“Good Fishing never stops. There are only times in some places that it is better than others”

George Ficken

Good fishing truly never stops in our area. Early season brings those magnificent halibut, winter Chinook, and loads of prawns! Mid season bring us Chinook and Coho that are so abundant that bag limits are a function of time on the water. Late season brings in the brutes 35—50 pound Chinook and 20 pound plus Coho arrive on the dock on a regular basis. Mix that all together with a few

crab, lots of prawns, cod and oysters and you have a bounty that is hard to match anywhere!

Good Fishing also provides those memorable moments with friends and family on the water. The beautiful sunrises and sunsets; Mother Nature showing us her magnificence in the

form of whales, bears, bald eagles, sea lions, seals, sea otters...it goes on and on. All of this wrapped in the pristine wilderness of our area.

Truly—good fishing never stops - especially if you look and absorb the whole experience of Esperanza and Nootka Sound.

OUR EVER CHANGING WORLD!

Well after a year full of all sorts of elections on both sides of the border the changes from last summer are dramatic to say the least. I'm sure you all remember last summer the price of a barrel of crude oil went above

\$150 and the Canadian dollar was at par with the US. Five months later oil is trading at under \$40 per barrel and the Canadian dollar fell to .8168. With this all fresh in everybody's mind reservations are coming in fast

and furious to take advantage of the difference in the dollar. Book now and get your preferred lodging while taking advantage of the dollar. Check out our website www.westviewmarina.com to see all that's new for 2009. Don't forget the Derby Aug 28 & 29, 2009
